SUMMARY .....	S-1
Purpose and Scope .....	S-1
The Covered Species and Their Habitat.....	S-5
Current Status of Aquatic Habitat and Covered Species in the Eligible Plan Area and HPAs.....	S-6
Potential Impacts to Covered Species and their Habitats that May Result in Take .....	S-9
Conservation Program.....	S-10
Biological Goals and Objectives .....	S-10
Simpson's Operating Conservation Program.....	S-11
Riparian Management.....	S-11
Slope Stability .....	S-12
Road Management.....	S-14
Harvest-related Ground Disturbance .....	S-17
Effectiveness Monitoring .....	S-18
Adaptive Management .....	S-19
Implementation Monitoring.....	S-21
Special Project .....	S-21
Changed Circumstances.....	S-22
Unforeseen Circumstances.....	S-22
Assessment of Conservation Strategy's Likely Effectiveness.....	S-22
Impact Avoidance, Minimization, and Mitigation .....	S-22
Conservation Benefits .....	S-23
Alternatives Considered.....	S-23
 1. PURPOSE, SCOPE, AND CONTEXT .....	1-1
1.1 Introduction .....	1-1
1.2 Purpose.....	1-3
1.3 Scope.....	1-3
1.3.1 Term of the AHCP/ITP and CCAA/ESP.....	1-3
1.3.2 Area Where Take Will Be Authorized and the Plan Will Be Implemented.....	1-4
1.3.2.1 Definitions.....	1-4
1.3.2.2 Eligible Plan Area: Initial Plan Area and Adjustment Area .....	1-5
1.3.2.3 Plan Area Adjustments Over Time .....	1-5
1.3.2.4 Hydrographic Planning Areas.....	1-11
1.3.2.4.1 Rationale.....	1-11
1.3.2.4.2 HPA Types.....	1-12
1.3.2.4.3 HPA Groups.....	1-12

1.3.3	Covered Species .....	1-13
1.3.3.1	ITP Species .....	1-15
1.3.3.2	ESP Species.....	1-15
1.3.4	Covered Activities .....	1-15
1.4	Context.....	1-16
1.4.1	ITP and ESP Requirements.....	1-16
1.4.1.1	ITP Requirements.....	1-16
1.4.1.2	ESP Requirements .....	1-17
1.4.2	California's FPRs and Other Regulations .....	1-19
1.4.3	Simpson's NSO HCP.....	1-20
1.4.4	Other Conservation Efforts .....	1-21
1.4.5	Multiple Uses of the Plan .....	1-22
2.	<b>DESCRIPTION OF SIMPSON'S TIMBER OPERATIONS AND FOREST MANAGEMENT ACTIVITIES .....</b>	<b>2-1</b>
2.1	Introduction .....	2-1
2.2	Timber-Product Harvest.....	2-1
2.2.1	Felling and Bucking Timber .....	2-1
2.2.2	Yarding Timber .....	2-2
2.2.2.1	Ground-Based Yarding.....	2-2
2.2.2.2	Cable Yarding.....	2-2
2.2.2.3	Aerial Yarding .....	2-3
2.2.2.4	Loading and Other Landing Operations .....	2-3
2.2.3	Salvaging Timber Products.....	2-4
2.2.4	Transporting Timber and Rock Products .....	2-4
2.2.5	Road Construction and Maintenance .....	2-4
2.2.6	Rock Pit Construction and Use.....	2-4
2.2.7	Water Drafting for Dust Abatement and Fire Suppression .....	2-5
2.2.8	Equipment Maintenance .....	2-5
2.3	Silvicultural Regimes and Methods .....	2-5
2.4	Timber Stand Regeneration and Improvement.....	2-5
2.4.1	Site Preparation, Prescribed Burning, and Slash Treatment .....	2-7
2.4.2	Tree Planting .....	2-9
2.4.3	Control of Competing Vegetation.....	2-9
2.4.4	Precommercial Thinning and Pruning.....	2-10
2.5	Minor Forest-Product Harvest.....	2-10
3.	<b>DESCRIPTION OF THE COVERED SPECIES AND THEIR HABITATS.....</b>	<b>3-1</b>
3.1	Summary.....	3-1
3.2	Species Characteristics .....	3-1
3.2.1	Fish Species Characteristics .....	3-1
3.2.2	Amphibian Species Characteristics .....	3-1

3.3	Habitat Characteristics .....	3-4
3.3.1	Fish Habitat Characteristics .....	3-4
3.3.1.1	Stream and Channel Features .....	3-4
3.3.1.1.1	Pools .....	3-4
3.3.1.1.2	Riffles .....	3-6
3.3.1.1.3	Runs .....	3-6
3.3.1.1.4	Side Channels .....	3-6
3.3.1.1.5	Channel Migration Zones .....	3-7
3.3.1.1.6	Hyporehic Zone .....	3-7
3.3.1.2	Riparian Zone Contributions .....	3-7
3.3.1.2.1	Riparian Vegetation .....	3-8
3.3.1.2.2	LWD .....	3-8
3.3.1.3	Other Habitat Factors .....	3-9
3.3.1.3.1	Water Temperature .....	3-9
3.3.1.3.2	Barriers .....	3-10
3.3.1.3.3	Smaller Watersheds .....	3-10
3.3.2	Amphibian Habitat Characteristics .....	3-11
3.3.2.1	Stream and Channel Features .....	3-11
3.3.2.1.1	Pools .....	3-11
3.3.2.1.2	Riffles .....	3-11
3.3.2.1.3	Seeps, Cascades, and Splash Zones .....	3-11
3.3.2.1.4	Perennial and Intermittent Stream Flows .....	3-12
3.3.2.2	Riparian Zone Contributions .....	3-12
3.3.2.2.1	Water Temperature .....	3-12
4.	DESCRIPTION AND ASSESSMENT OF THE CURRENT STATUS OF AQUATIC HABITAT AND COVERED SPECIES IN THE AREA WHERE THE PLAN WILL BE IMPLEMENTED .....	4-1
4.1	INTRODUCTION .....	4-1
4.2	Geologic and geomorphic Factors .....	4-1
4.2.1	Geologic Composition, Structure, and Activity .....	4-2
4.2.1.1	Klamath Mountain Province .....	4-2
4.2.1.1.1	Western Jurassic Belt .....	4-2
4.2.1.1.2	Western Paleozoic and Triassic Belt .....	4-11
4.2.1.2	Coast Range Province .....	4-11
4.2.1.2.1	Franciscan Complex .....	4-11
4.2.1.2.2	Overlap Assemblage .....	4-12
4.2.1.3	Other Quaternary and Tertiary Overlap Deposits .....	4-12
4.2.1.3.1	Weathered Bedrock, Colluvium, and Soils .....	4-13
4.2.1.3.2	Modern Alluvium .....	4-13
4.2.1.3.3	Stream Terrace Deposits .....	4-13
4.2.1.3.4	Coastal Plain Sediments .....	4-13
4.2.1.3.5	Landslide Deposits .....	4-13
4.2.1.3.6	Tertiary Intrusive Rocks .....	4-14

4.2.1.4	Seismic Hazards, Faults, and Structural Relationships .....	4-14
4.2.1.5	Geologic Profile of the HPA Groups .....	4-16
4.2.1.5.1	Smith River HPA Group .....	4-16
4.2.1.5.2	Coastal Klamath HPA Group .....	4-16
4.2.1.5.3	Korbel HPA Group .....	4-17
4.2.1.5.4	Humboldt Bay HPA Group .....	4-17
4.2.2	Landform Development .....	4-17
4.2.3	Landslide Classifications .....	4-18
4.2.3.1	Shallow-Seated Landslides .....	4-19
4.2.3.1.1	Debris Slides .....	4-19
4.2.3.1.2	Debris Flows/Torrents .....	4-19
4.2.3.1.3	Channel Bank Failures .....	4-19
4.2.3.1.4	Rock Falls .....	4-20
4.2.3.2	Deep-Seated Landslides .....	4-20
4.2.3.2.1	Translational/Rotational Rockslides .....	4-20
4.2.3.2.2	Earthflows .....	4-20
4.2.4	Landslide-Prone Terrains .....	4-21
4.2.4.1	Steep Streamside Slopes .....	4-21
4.2.4.2	Inner Gorge .....	4-21
4.2.4.3	Headwall Swales .....	4-21
4.3	Methods and Results of Studies in the Original Assessed Ownership .....	4-22
4.3.1	Water Temperature Monitoring .....	4-22
4.3.1.1	General Water Temperature Monitoring .....	4-22
4.3.1.2	Class II BACI Study .....	4-24
4.3.2	Channel and Habitat Typing Assessments .....	4-26
4.3.3	LWD Assessments .....	4-29
4.3.4	Class I Channel Monitoring .....	4-31
4.3.5	Assessment of Sediment Delivery from Class III Watercourses: A Retrospective Study .....	4-32
4.3.6	Section 303(d) Impaired Watersheds .....	4-34
4.3.7	Fish Presence/Absence Surveys .....	4-34
4.3.8	Summer Juvenile Salmonid Population Estimates .....	4-35
4.3.9	Out-migrant Smolt Trapping .....	4-36
4.3.10	Salmonid Spawning Surveys .....	4-36
4.3.11	Headwaters Amphibian Studies and Monitoring .....	4-37
4.3.11.1	Tailed Frogs .....	4-37
4.3.11.2	Southern Torrent Salamanders .....	4-38
4.4	Assessment of Habitat Conditions and status of Covered Species by HPA .....	4-39
4.4.1	Smith River HPA .....	4-39
4.4.1.1	HPA Type, Size, and Group .....	4-39
4.4.1.2	Eligible Plan Area .....	4-39
4.4.1.3	Geology .....	4-40
4.4.1.4	Climate .....	4-41
4.4.1.5	Vegetation .....	4-41

4.4.1.6	Current Habitat Conditions .....	4-42
4.4.1.6.1	Water Temperature.....	4-42
4.4.1.6.2	Channel and Habitat Typing .....	4-42
4.4.1.6.3	LWD Inventory .....	4-45
4.4.1.6.4	Long Term Channel Monitoring .....	4-47
4.4.1.6.5	Estuarine Conditions.....	4-47
4.4.1.7	Salmonid Population Estimates.....	4-48
4.4.1.7.1	Juvenile Summer Population Estimates .....	4-48
4.4.1.7.2	Adult Spawner Surveys .....	4-50
4.4.1.8	Covered Species Occurrence and Status .....	4-50
4.4.1.8.1	Chinook Salmon .....	4-50
4.4.1.8.2	Coho Salmon .....	4-50
4.4.1.8.3	Steelhead and Resident Rainbow Trout .....	4-53
4.4.1.8.4	Coastal Cutthroat Trout .....	4-54
4.4.1.8.5	Tailed Frog.....	4-54
4.4.1.8.6	Southern Torrent Salamander .....	4-54
4.4.1.9	Assessment Summary.....	4-54
4.4.2	Coastal Klamath HPA .....	4-55
4.4.2.1	HPA Type, Size, and Group .....	4-55
4.4.2.2	Eligible Plan Area .....	4-55
4.4.2.3	Geology .....	4-55
4.4.2.4	Climate .....	4-56
4.4.2.5	Vegetation .....	4-56
4.4.2.6	Current Habitat Conditions .....	4-57
4.4.2.6.1	Water Temperature.....	4-57
4.4.2.6.2	Channel and Habitat Typing .....	4-57
4.4.2.6.3	LWD Inventory .....	4-61
4.4.2.6.4	Long Term Channel Monitoring .....	4-61
4.4.2.6.5	Estuarine Conditions.....	4-61
4.4.2.7	Salmonid Population Estimates.....	4-63
4.4.2.7.1	Juvenile Summer Population Estimates .....	4-63
4.4.2.8	Covered Species Occurrence and Status .....	4-63
4.4.2.8.1	Chinook Salmon .....	4-63
4.4.2.8.2	Coho Salmon .....	4-67
4.4.2.8.3	Steelhead and Resident Rainbow Trout .....	4-68
4.4.2.8.4	Coastal Cutthroat Trout .....	4-68
4.4.2.8.5	Tailed Frog.....	4-68
4.4.2.8.6	Southern Torrent Salamander .....	4-68
4.4.2.9	Assessment Summary.....	4-69

4.4.3	Blue Creek HPA.....	4-70
4.4.3.1	HPA Type, Size, and Group .....	4-70
4.4.3.2	Eligible Plan Area .....	4-70
4.4.3.3	Geology .....	4-70
4.4.3.4	Climate .....	4-70
4.4.3.5	Vegetation .....	4-71
4.4.3.6	Current Habitat Conditions .....	4-71
4.4.3.6.1	Water Temperature.....	4-71
4.4.3.6.2	Channel and Habitat Typing .....	4-71
4.4.3.6.3	LWD Inventory .....	4-73
4.4.3.7	Salmonid Population Estimates .....	4-75
4.4.3.8	Covered Species Occurrence and Status .....	4-75
4.4.3.8.1	Chinook Salmon .....	4-75
4.4.3.8.2	Coho Salmon .....	4-79
4.4.3.8.3	Steelhead and Resident Rainbow Trout .....	4-79
4.4.3.8.4	Coastal Cutthroat Trout .....	4-80
4.4.3.8.5	Tailed Frog.....	4-80
4.4.3.8.6	Southern Torrent Salamander .....	4-80
4.4.3.9	Assessment Summary.....	4-81
4.4.4	Interior Klamath HPA .....	4-81
4.4.4.1	HPA Type, Size, and Group .....	4-81
4.4.4.2	Eligible Plan Area .....	4-81
4.4.4.3	Geology .....	4-82
4.4.4.4	Climate .....	4-82
4.4.4.5	Vegetation .....	4-82
4.4.4.6	Current Habitat Conditions .....	4-83
4.4.4.6.1	Water Temperature.....	4-83
4.4.4.6.2	Channel and Habitat Typing .....	4-83
4.4.4.7	Salmonid Population Estimates .....	4-86
4.4.4.8	Covered Species Occurrence and Status .....	4-86
4.4.4.8.1	Chinook Salmon .....	4-89
4.4.4.8.2	Coho Salmon .....	4-90
4.4.4.8.3	Steelhead and Resident Rainbow Trout .....	4-90
4.4.4.8.4	Coastal Cutthroat Trout .....	4-90
4.4.4.8.5	Tailed Frog.....	4-91
4.4.4.8.6	Southern Torrent Salamander .....	4-91
4.4.4.9	Assessment Summary.....	4-91
4.4.5	Redwood Creek HPA.....	4-92
4.4.5.1	HPA Type, Size, and Group .....	4-92
4.4.5.2	Eligible Plan Area .....	4-92
4.4.5.3	Geology .....	4-92
4.4.5.4	Climate .....	4-94
4.4.5.5	Vegetation .....	4-94
4.4.5.6	Current Habitat Conditions .....	4-95
4.4.5.6.1	Water Temperature.....	4-95
4.4.5.6.2	Estuarine Conditions.....	4-95
4.4.5.7	Salmonid Population Estimates .....	4-95

4.4.5.8	Covered Species Occurrence and Status .....	4-95
4.4.5.8.1	Chinook Salmon .....	4-95
4.4.5.8.2	Coho Salmon .....	4-99
4.4.5.8.3	Steelhead and Resident Rainbow Trout .....	4-99
4.4.5.8.4	Coastal Cutthroat Trout .....	4-100
4.4.5.8.5	Tailed Frog.....	4-100
4.4.5.8.6	Southern Torrent Salamander .....	4-100
4.4.5.9	Assessment Summary.....	4-101
4.4.6	Coastal Lagoons HPA .....	4-102
4.4.6.1	HPA Type, Size, and Group .....	4-102
4.4.6.2	Eligible Plan Area .....	4-102
4.4.6.3	Geology .....	4-102
4.4.6.4	Climate .....	4-102
4.4.6.5	Vegetation .....	4-102
4.4.6.6	Current Habitat Conditions .....	4-103
4.4.6.6.1	Water Temperature.....	4-103
4.4.6.6.2	Long Term Channel Monitoring.....	4-103
4.4.6.6.3	Estuarine Conditions.....	4-103
4.4.6.7	Salmonid Population Estimates .....	4-103
4.4.6.7.1	Adult Spawner Surveys .....	4-103
4.4.6.8	Covered Species Occurrence and Status .....	4-105
4.4.6.8.1	Chinook Salmon .....	4-105
4.4.6.8.2	Coho Salmon .....	4-105
4.4.6.8.3	Steelhead and Resident Rainbow Trout .....	4-106
4.4.6.8.4	Coastal Cutthroat Trout .....	4-109
4.4.6.8.5	Tailed Frog.....	4-109
4.4.6.8.6	Southern Torrent Salamander .....	4-109
4.4.6.9	Assessment Summary.....	4-110
4.4.7	Little River HPA .....	4-110
4.4.7.1	HPA Type, Size, and Group .....	4-110
4.4.7.2	Eligible Plan Area .....	4-111
4.4.7.3	Geology .....	4-111
4.4.7.4	Climate .....	4-111
4.4.7.5	Vegetation .....	4-112
4.4.7.6	Current Habitat Conditions .....	4-112
4.4.7.6.1	Water Temperature.....	4-112
4.4.7.6.2	Channel and Habitat Typing .....	4-112
4.4.7.6.3	LWD Inventory .....	4-115
4.4.7.6.4	Estuarine Conditions.....	4-117
4.4.7.7	Salmonid Population Estimates .....	4-117
4.4.7.7.1	Summer Juvenile Population Estimates .....	4-118
4.4.7.7.2	Out-migrant Trapping.....	4-118
4.4.7.7.3	Adult Spawner Escapement Surveys.....	4-121

4.4.7.8	Covered Species Occurrence and Status .....	4-122
4.4.7.8.1	Chinook Salmon .....	4-125
4.4.7.8.2	Coho Salmon .....	4-125
4.4.7.8.3	Steelhead and Resident Rainbow Trout .....	4-126
4.4.7.8.4	Coastal Cutthroat Trout .....	4-126
4.4.7.8.5	Tailed Frog.....	4-126
4.4.7.8.6	Southern Torrent Salamander .....	4-127
4.4.7.9	Assessment Summary.....	4-127
4.4.8	Mad River HPA .....	4-128
4.4.8.1	HPA Type, Size, and Group .....	4-128
4.4.8.2	Eligible Plan Area .....	4-128
4.4.8.3	Geology .....	4-128
4.4.8.4	Climate .....	4-129
4.4.8.5	Vegetation .....	4-129
4.4.8.6	Current Habitat Conditions .....	4-130
4.4.8.6.1	Water Temperature.....	4-130
4.4.8.6.2	Channel and Habitat Typing .....	4-130
4.4.8.6.3	LWD Inventory .....	4-132
4.4.8.6.4	Long Term Channel Monitoring .....	4-135
4.4.8.6.5	Estuarine Conditions.....	4-135
4.4.8.7	Salmonid Population Estimates.....	4-136
4.4.8.7.1	Summer Juvenile Population Estimates .....	4-136
4.4.8.7.2	Adult Spawner Surveys .....	4-136
4.4.8.7.3	Mad River Summer Steelhead Population Survey .....	4-136
4.4.8.8	Covered Species Occurrence and Status .....	4-139
4.4.8.8.1	Chinook Salmon .....	4-139
4.4.8.8.2	Coho Salmon .....	4-139
4.4.8.8.3	Steelhead and Resident Rainbow Trout .....	4-139
4.4.8.8.4	Coastal Cutthroat Trout .....	4-143
4.4.8.8.5	Tailed Frog.....	4-143
4.4.8.8.6	Southern Torrent Salamander .....	4-143
4.4.8.9	Assessment Summary.....	4-143
4.4.9	North Fork Mad River HPA .....	4-145
4.4.9.1	HPA Type, Size, and Group .....	4-145
4.4.9.2	Eligible Plan Area .....	4-145
4.4.9.3	Geology .....	4-145
4.4.9.4	Climate .....	4-145
4.4.9.5	Vegetation .....	4-145
4.4.9.6	Current Habitat Conditions .....	4-146
4.4.9.6.1	Water Temperature.....	4-146
4.4.9.6.2	Channel and Habitat Typing .....	4-146
4.4.9.6.3	LWD Inventory .....	4-149
4.4.9.6.4	Long Term Channel Monitoring .....	4-151

4.4.9.7	Salmonid Population Estimates .....	4-151
4.4.9.7.1	Summer Juvenile Population Estimates .....	4-151
4.4.9.7.2	Adult Spawner Escapement Surveys.....	4-152
4.4.9.8	Occurrence and Status of Covered Species .....	4-152
4.4.9.8.1	Chinook Salmon .....	4-155
4.4.9.8.2	Coho Salmon .....	4-155
4.4.9.8.3	Steelhead and Resident Rainbow Trout .....	4-156
4.4.9.8.4	Coastal Cutthroat Trout .....	4-156
4.4.9.8.5	Tailed Frog.....	4-156
4.4.9.8.6	Southern Torrent Salamander .....	4-157
4.4.9.9	Assessment Summary.....	4-157
4.4.10	Humboldt Bay HPA.....	4-158
4.4.10.1	HPA Type, Size, and Group .....	4-158
4.4.10.2	Eligible Plan Area .....	4-158
4.4.10.3	Geology .....	4-158
4.4.10.4	Climate .....	4-159
4.4.10.5	Vegetation .....	4-159
4.4.10.6	Current Habitat Conditions .....	4-159
4.4.10.6.1	Water Temperature.....	4-159
4.4.10.6.2	Channel and Habitat Typing .....	4-161
4.4.10.6.3	LWD Inventory .....	4-163
4.4.10.6.4	Long-term Channel Monitoring .....	4-163
4.4.10.6.5	Estuarine Conditions.....	4-165
4.4.10.7	Salmonid Population Estimates .....	4-165
4.4.10.7.1	Spawner Escapement Surveys.....	4-165
4.4.10.8	Covered Species Occurrence and Status .....	4-165
4.4.10.8.1	Chinook Salmon .....	4-165
4.4.10.8.2	Coho Salmon .....	4-166
4.4.10.8.3	Steelhead and Resident Rainbow Trout .....	4-169
4.4.10.8.4	Coastal Cutthroat Trout .....	4-169
4.4.10.8.5	Tailed Frog.....	4-169
4.4.10.8.6	Southern Torrent Salamander .....	4-170
4.4.10.9	Assessment Summary.....	4-170
4.4.11	Eel River HPA.....	4-171
4.4.11.1	HPA Type, Size, and Group .....	4-171
4.4.11.2	Eligible Plan Area .....	4-171
4.4.11.3	Geology .....	4-171
4.4.11.4	Climate .....	4-171
4.4.11.5	Vegetation .....	4-172
4.4.11.6	Current Habitat Conditions .....	4-172
4.4.11.6.1	Water Temperature.....	4-172
4.4.11.6.2	Channel and Habitat Typing .....	4-172
4.4.11.6.3	Estuarine Conditions.....	4-174
4.4.11.7	Salmonid Population Estimates .....	4-174

4.4.11.8	Covered Species Occurrence and Status .....	4-176
4.4.11.8.1	Chinook Salmon .....	4-176
4.4.11.8.2	Coho Salmon .....	4-179
4.4.11.8.3	Steelhead and Resident Rainbow Trout .....	4-179
4.4.11.8.4	Coastal Cutthroat Trout .....	4-179
4.4.11.8.5	Tailed Frog.....	4-179
4.4.11.8.6	Southern Torrent Salamander .....	4-180
4.4.11.9	Assessment Summary.....	4-180
5.	ASSESSMENT OF POTENTIAL IMPACTS TO COVERED SPECIES AND THEIR HABITATS THAT MAY RESULT IN TAKE .....	5-1
5.1	Introduction .....	5-1
5.2	Potential for Altered Hydrology .....	5-2
5.2.1	Potential Effects of Covered Activities .....	5-2
5.2.2	Potential Effects on Covered Species .....	5-4
